NOTICE OF REMOVAL OF CIVIL ACTION TO THE UNITED STATES DISTRICT COURT FOR THE NORTHERN DISTRICT OF CALIFORNIA PURSUANT TO 28 U.S.C. SECTIONS 1332, 1441 AND 1446 [CAFA DIVERSITY] SC

(Filed in conjunction with Certificate of Service of Notice to Adverse Parties and Notice of Pendency of Other Action or Proceeding)

21 TO THE HONORABLE JUDGES OF THE UNITED STATES DISTRICT COURT FOR  
22 THE NORTHERN DISTRICT OF CALIFORNIA, PLAINTIFF ANGELITA GOMEZ  
23 AND TO HER ATTORNEYS OF RECORD:

24 **PLEASE TAKE NOTICE:** Defendant Perot Systems Corporation ("Perot  
25 Systems") hereby removes this action from the Superior Court of the State of California for the  
26 County of Alameda to the United States District Court for the Northern District of California,  
27 pursuant to 28 U.S.C. sections 1332 (as amended by the Class Action Fairness Act of 2005, Pub.  
28 L. 109-2, section 4(a) ("CAFA")), 1441(a) and (b) and 1446, for the following reasons:

1. On May 27, 2008, Plaintiff Angelita Gomez ("Plaintiff") filed her class

1 action complaint in the Superior Court of the State of California, County of Alameda, designated  
 2 as Case No. RG 08389410 ("Complaint"). The Complaint alleged the following five (5) causes  
 3 of action against Perot Systems and Does 1 through 50: (1) failure to pay overtime in violation of  
 4 California Labor Code sections 510 and 1194; (2) failure to pay wages for time spent on-call in  
 5 violation of California Labor Code sections 204 and 218; (3) penalties under California Labor  
 6 Code section 203 for failure to pay all wages owed on termination of employment ("Waiting-  
 7 Time Penalties"); (4) failure to provide an itemized wage statement in violation of California  
 8 Labor Code section 226; and (5) violation of California Business and Professions Code section  
 9 17200 *et seq.*

10 2. On June 13, 2008, Perot Systems was served with the Summons and  
 11 Complaint, when it was delivered to Perot Systems' agent for service of process.<sup>1</sup>

12 3. This Notice of Removal is timely because it is being filed within thirty (30)  
 13 days of service of the Summons and Complaint. *See* 28 U.S.C. § 1446(b).

14 4. The Summons and Complaint, as well as the notices and orders collectively  
 15 attached as Exhibit "A," constitute all process, pleadings and orders served on Perot Systems in  
 16 this action pursuant to 28 U.S.C. section 1446(a).

17 5. In accordance with 28 U.S.C. section 1446(d), the undersigned counsel  
 18 certifies that a copy of this Notice of Removal and all supporting papers promptly will be served  
 19 on Plaintiff's counsel and filed with the Clerk of the Alameda County Superior Court. True and  
 20 correct copies of the form of such notices are attached hereto as Exhibit "B." Therefore, all  
 21 procedural requirements under 28 U.S.C. section 1446 have been satisfied.

22 6. Venue of this action lies in the United States District Court for the  
 23 Northern District of California pursuant to 28 U.S.C. sections 1441, *et seq.* and 1391(a) because  
 24 this is the judicial district of this Court in which the action arose, where Plaintiff resides and  
 25 where the causes of action arose.

26  
 27 <sup>1</sup> Perot Systems received the complaint with a notice of acknowledgement form on June 10,  
 28 2008. On July 14, 2008, prior to the deadline for return of the notice of acknowledgment, Gomez  
 served Perot Systems by personal service. The removal period runs from the date of service of  
 the summons and complaint. *Murphy Brothers, Inc. v. Michetti Pipe Stringing, Inc.*, 526 U.S.  
 344, 354 (1999).

**REMOVAL BASED ON DIVERSITY AND CLASS ACTION FAIRNESS ACT OF 2005**

**(28 U.S.C. sections 1332(a) and (d))**

7. The Complaint is pleaded as a putative class action by which Plaintiff seeks to represent “all current and former non-exempt employees of Perot Systems in California who worked on-call at any time in the four years preceding the filing of this action to the final resolution of this action.” (Complaint ¶ 7.)

8. Perot Systems properly may remove the Complaint on the basis of diversity of citizenship jurisdiction pursuant to 28 U.S.C. section 1332(a) or 28 U.S.C section 1332(d)(2), because:

a. Plaintiff now is, and was at the time this action was commenced, a citizen of the State of California within the meaning of 28 U.S.C. section 1332(a). (Complaint ¶ 3.)

b. Perot Systems now is, and was at the time this action was commenced, a citizen of the State of Delaware within the meaning of section 1332(c)(1), because it now is, and was at all times, incorporated under the laws of that state of Delaware. (Complaint ¶ 4.)

c. Perot Systems also now is, and was at the time this action was commenced, a citizen of the State of Texas within the meaning of section 1332(c)(1), because Perot Systems’ executive and administrative functions primarily are performed in the State of Texas and a substantial predominance of its corporate operations do not take place in California or any other state in which it conducts operations.

d. Perot Systems is not now, nor was at the time this action was commenced, a citizen of the State of California within the meaning of section 1332(c) because it is not and was not incorporated in California and its principal place of business is not and was not in California.

e. The presence of Doe defendants has no bearing on the diversity with respect to removal. *See* 28 U.S.C. section 1441(a) (“For purposes of removal under this

Chapter, the citizenship of defendants used under a fictitious name shall be disregarded.”)

Defendant is not aware of any Doe Defendant having been served with a copy of the Summons and Complaint; and

f. Without admitting that Plaintiff or the purported class could recover any damages, the amount in controversy in this action for which Plaintiff asserts a four year liability period exceeds: (i) \$75,000 for the named Plaintiff herself; and (ii) \$5,000,000.00, exclusive of interest and costs, for the members of the putative class, based on the following grounds:

i. *Plaintiff's Amount in Controversy Exceeds \$75,000.*

1. First and Second Causes of Action.

a. Plaintiff's first and second causes of action seek damages for allegedly unpaid wages and overtime based on Plaintiff's time spent “on-call” – i.e. as the primary contact during off hours for certain types of client technology concerns. During her employment, Plaintiff served as the primary contact for certain Perot Systems Corporation clients for approximately one week of every month. Plaintiff alleges the time she served as the primary contact should have been included as time worked and compensated accordingly.

b. Plaintiff worked for Perot Systems Corporation in California from the beginning of the purported class period (four years prior to the filing of the Complaint -- May 27, 2004) until February 16, 2007, a period of approximately 142 weeks. During that time, defendant estimates Plaintiff served as the primary contact approximately one week a month, or 23.1% of her workweeks (12 weeks a year DIVIDED BY 52 weeks in a year = 23.1%). Therefore, Plaintiff's first and second causes of action seek compensation for serving as primary service contact for approximately 33 weeks (142 weeks TIMES 23.1% of weeks spent as primary contact).

c. Plaintiff was regularly scheduled to work 40 hours a week, and was paid for each of those 40 hours.

d. When Plaintiff served as the primary contact,

1 she was paid for all time actually worked, but not for the remainder of the time she served  
2 as primary contact. Putting aside the hours Plaintiff was already paid for, given that there  
3 are 168 hours in a week, and given Plaintiff was compensated for the 40 hours of her  
4 standard work schedule, Defendant estimates Plaintiff seeks damages for 128 hours for  
5 each week Plaintiff served as primary contact. With approximately 33 weeks as the  
6 primary contact, Plaintiff's wage and overtime causes of action seek damages for  
7 approximately 4,200 hours of uncompensated time spent as the primary contact.

8 e. During the class period, Plaintiff's hourly  
9 rate of pay was never lower than \$26.28. Because the on-call hours are all in excess of the  
10 regularly scheduled 40-hour workweek, Plaintiff's claim involves premium overtime  
11 claims. Without conceding Plaintiff is entitled to recover any damages, Plaintiff's wage  
12 claims therefore involve an amount in controversy of at least \$165,564 (4,200 hours  
13 TIMES \$26.28 per hour TIMES 1.5).

14 2. Third Cause of Action.

15 a. Plaintiff's third cause of action seeks  
16 waiting-time penalties under California Labor Code section 203. Section 203 provides  
17 that any employee who does not receive all wages owed at the end of employment in  
18 accordance with the law is entitled to a penalty equal to one day's pay at the final rate of  
19 pay, continuing for a maximum of thirty days. Because Plaintiff's employment ended  
20 more than thirty days ago, she seeks waiting-time penalties of at least \$7,361 (\$30.67 per  
21 hour TIMES 8 hours a day TIMES 30 days.)

22 3. Fourth Cause of Action.

23 a. Plaintiff's fourth cause of action alleges  
24 Perot Systems Corporation failed to provide accurate wage statements. California Labor  
25 Code section 226 subdivision (e) provides employees are entitled to receive either actual  
26 damages or \$50 for the first inaccurate wage statement and \$100 for each subsequent  
27 inaccurate wage statement, up to a maximum of \$4,000 per employee.

28 b. Plaintiff received at approximately 95

1           paychecks for the three-year period preceding the filing of the complaint. The amount in  
2           controversy for Plaintiff's fourth cause of action is therefore \$4,000.

3                           4.     Total Amount in Controversy. Without conceding  
4           Plaintiff is entitled to recover any damages, based on the foregoing the named Plaintiff's claims  
5           in this action have an amount in controversy of approximately \$176,925.

6                           5.     Class Amount in Controversy Exceeds \$5,000,000.

7                           a.     The complaint seeks to pursue these claims  
8           as a class action on behalf of "all current and former non-exempt employees of PEROT  
9           SYSTEMS in California who worked on-call time at any time in the four years preceding  
10          the filing of this action." (Compl. ¶ 7.)

11                          b.     There are at least 100 non-exempt employees  
12          in California identified as the primary contact person during off-hours ("on-call") during  
13          the four years preceding the filing of the complaint, and those persons served as the  
14          primary contact person, on average, for at least 12 weeks during the class period.  
15          Therefore at least 1,200 "on-call" weeks are at issue for the putative class.

16                          c.     These 100 putative class members regular  
17          work schedule generally included 40 hours in a week. Given that there are a total of 168  
18          hours in a week, this leaves 128 hours a week of "on-call" time for each week at issue  
19          (168 Hours in a week MINUS 40 Hours Worked). Therefore, for the putative class, there  
20          are at least 153,600 "on-call" hours (1,200 "on-call" weeks TIMES 128 "on-call" hours  
21          per week) at issue in the case.

22                          d.     The average hourly rate for the 100 persons  
23          known to be in the putative class is at least \$25 per hour. Because the "on-call" hours are  
24          all in excess of the regularly scheduled 40-hour workweek, Plaintiff's claim involves  
25          premium overtime claims. Without conceding the putative class is entitled to recover any  
26          damages, the amount in controversy for the putative class is at least \$5,760,000 (153,600  
27          Hours TIMES \$25 per hour TIMES 1.5.)

28                          9.     The Court may not decline to exercise jurisdiction over the action pursuant

1 to 28 U.S.C. sections 1332(d)(3), because Perot Systems is not a citizen of the state in which the  
2 action was filed.

3  
4 **WHEREFORE**, Perot Systems removes the above-entitled action now pending in the  
5 Superior Court of the State of California for the County of Alameda to this Court.

COMPLAINT FOR FAILURE TO PAY WAGES, OVERTIME, ETC.

1 Plaintiff ANGELITA GOMEZ ("GOMEZ" or "Plaintiff"), individually and on behalf of all  
 2 others similarly situated, hereby complains against defendants PEROT SYSTEMS  
 3 CORPORATION ("PEROT SYSTEMS") and Does 1 through 50, inclusive (collectively,  
 4 "Defendants"), and, on information and belief, alleges as follows:

5 **PRELIMINARY STATEMENT**

6 1. This class action seeks to halt and remedy defendant PEROT SYSTEMS  
 7 CORPORATION'S violations of California Labor Code and California Industrial Welfare  
 8 Commission Order ("Wage Order") provisions requiring pay for all hours worked, including  
 9 overtime for all hours worked over 40 per week or 8 per day and time for hours worked over twelve  
 10 in one day or beyond 8 hours on the seventh consecutive day of work in a workweek. Defendant  
 11 PEROT SYSTEMS, which provides technology information support services in the health care  
 12 industry and other industries, regularly and systematically has required, encouraged, and/or permitted  
 13 Plaintiff and members of the class to work on-call time ("on-call time" being when the employee is  
 14 the point of contact assigned to respond to trouble calls within a pre-determined period of time)  
 15 beyond their regular part-time or full-time (40 or more hours per week) schedules. The parameters of  
 16 the on-call requirements has included: a 15-minute required response time followed by immediate  
 17 assessment and solution of the client's technical problems; a restriction to locations with access to a  
 18 high-speed internet connection; and restrictions on travel in order that the highest-severity problems  
 19 could be dealt with at the job site within one hour. Plaintiff and members of the class have received,  
 20 and were required to respond to, regular and frequent calls without payment of required straight time  
 21 and/or premium overtime wages for the on-call time. Defendant PEROT SYSTEMS has also  
 22 regularly and systematically issued wage statements to Plaintiff and members of the class that failed  
 23 to disclose or misrepresented the true hours spent on-call, and the resulting straight time and/or  
 24 premium overtime wages earned by Plaintiff and members of the class for the on-call time,  
 25 information required by the California Labor Code. Plaintiff seeks injunctive and declaratory  
 26 relief, restitution, compensatory damages, penalties, interest, and attorneys' fees, costs and  
 27 expenses.

28

VENUE

2. Proper venue lies in Alameda County in that, while defendant PEROT SYSTEMS does business in the State of California, PEROT SYSTEMS has not designated with the California Secretary of State a principal place of business within the State of California pursuant to Corporations Code § 2105(a)(3). Accordingly, PEROT SYSTEMS may be sued in any county in the State of California, including the County of Alameda. Venue also is proper in Alameda County in that Plaintiff is informed and believes and on that basis alleges that defendants committed some of the wrongful acts alleged herein, in the County of Alameda.

**PARTIES**

3. Plaintiff GOMEZ is an individual over the age of eighteen (18) and at all relevant times, was a resident of the State of California. Plaintiff GOMEZ was employed by PEROT SYSTEMS as a non-exempt Business Systems Analysis Specialist as part of the Catholic Healthcare West ("CHW") account at St. Joseph's Medical Center ("SJMC") in Stockton, California from on or around July 2001 through February 2007. SJMC was one of 44 hospitals in the CHW system that comprised the CHW Account at PEROT SYSTEMS.

4. Defendant PEROT SYSTEMS is a corporation organized under Delaware law and admitted to conduct business in the State of California. Plaintiff was employed by PEROT SYSTEMS as an Applications Analyst from July 2001 to about February 2007.

5. Plaintiff does not know the true names and capacities of defendants sued herein as DOES 1-50 and therefore sues these defendants by such fictitious names. Plaintiff will amend this Complaint to allege their true names and capacities when ascertained. Plaintiff is informed and believes and on that basis alleges that each of these fictitiously named defendants is responsible in some manner for the occurrences alleged herein, and thereby proximately caused Plaintiff's injuries alleged herein.

6. Plaintiff is informed and believes and on that basis alleges that at all relevant times each of the defendants was the agent or employee of each of the remaining defendants, and in doing the things herein alleged was acting within the course and scope of such agency or employment, and that defendants authorized, ratified, and approved, expressly or impliedly, all of

1 the conduct herein alleged.

2 **CLASS AND COLLECTIVE ACTION ALLEGATIONS**

3 7. Plaintiff brings this action for violations of California's Wage and Hour Law as a  
4 class action, pursuant to Code of Civil Procedure § 382 and Business & Professions Code §  
5 17200, on behalf of herself and all current and former non-exempt employees of PEROT  
6 SYSTEMS in California who worked on-call time at any time in the four years preceding the  
7 filing of this action to final resolution of this action.

8 8. Common questions of law and fact exist as to members of the class that include, but  
9 are not limited to the following:

10 a) Whether defendant PEROT SYSTEMS' on-call policy described herein  
11 violates California law by denying overtime wages to members of the class;

12 b) Whether defendant PEROT SYSTEMS' on-call policy as described  
13 herein violates California law by denying straight time wages to members of the class;

14 c) Whether defendant PEROT SYSTEMS' on-call policy results in the  
15 failure to pay all wages at the time of termination of employment for on-call time  
16 worked by members of the class;

17 d) Whether defendant PEROT SYSTEMS' failure to credit and pay class  
18 members for all their on-call hours results in itemized wage statements to the class that  
19 do not accurately show all hours worked, all earned wages, and/or the other information  
20 required by Labor Code § 226; and

21 e) Whether defendant PEROT SYSTEMS' on-call policy and failure to  
22 pay class members for all their on-call hours constitute unfair, unlawful or fraudulent  
23 business practices proscribed by Business & Professions Code § 17200.

24 9. Plaintiff's claims are typical of the claims of the class that Plaintiff seeks to  
25 represent. Plaintiff and members of the class were not compensated for all on-call time worked  
26 at the rate required by California law. Plaintiff and members of the class were not paid all  
27 earned wages at the time of termination of employment for all on-call time worked, including  
28 straight time and/or premium overtime wages. Plaintiff and members of the class were not

1 provided itemized wage statements that disclosed all information required by Labor Code § 226  
2 for all on-call time worked. Plaintiff and members of the class are entitled to injunctive relief, as  
3 permitted by law, in that PEROT SYSTEMS' violations of California law have harmed, and are  
4 continuing to harm, Plaintiff and members of the class.

5 10. The potential quantity of members of the class is so numerous that  
6 joinder of all members would be unfeasible and impractical. The disposition of their claims  
7 through this class action will benefit both the parties and the Court. The quantity of members  
8 is unknown to Plaintiff at this time; however, it is estimated that the class size is over 100  
9 individuals. The quantity and identity of the proposed class are readily ascertainable through  
10 inspection of PEROT SYSTEMS' records.

11 11. Plaintiff will fairly and adequately represent and protect the interests of the members  
12 of the class. Plaintiff has retained and is represented by counsel competent and experienced in  
13 complex class action litigation, including wage and hour class actions.

14 12. The nature of this action and the nature of laws available to Plaintiff  
15 make use of the class action format the superior and appropriate procedure to afford relief for the  
16 wrongs alleged herein.

17 **FACTUAL ALLEGATIONS APPLICABLE TO ALL CLAIMS**

18 13. Defendant PEROT SYSTEMS required, encouraged, suffered and/or permitted  
19 Plaintiff and members of the class to work on-call time in which they were subject to PEROT  
20 SYSTEMS' control. Plaintiff and members of the class included non-exempt employees who  
21 worked for PEROT SYSTEMS clients and accounts at job sites in California. Some of the class  
22 members were known as "Desktop Technicians," "Analysts," and "Specialists." Plaintiff and  
23 members of the class were required to provide technical support, both remotely and at job sites, for  
24 PEROT SYSTEMS clients and accounts, on an on-call basis. Specifically, Plaintiff and members of  
25 the class were required to respond within 15 minutes to any call seeking technical support; were  
26 restricted to locations with a high-speed internet connection; were required to notify their manager  
27 any time they went out of cell range; were required to be able to appear at the job site within one  
28 hour to provide technical support for problems of certain severity; and regularly and frequently

1 received calls to which they were required to assess and then solve a technical problem. Defendant  
2 PEROT SYSTEMS failed to pay Plaintiff and members of the class all required wages, including  
3 premium overtime wages, for the on-call time, in violation of Labor Code §§ 510 and 1194 and  
4 IWC Wage Orders including without limitation Wage Order 4-2001.

5 14. Defendant PEROT SYSTEMS regularly and systematically issued wage statements  
6 to Plaintiff and members of the class that fail to disclose or misrepresent the true hours spent on-call  
7 and the resulting overtime wages earned by Plaintiff and members of the class for all the on-call time,  
8 information required by the California Labor Code § 226.

9 15. Defendant PEROT SYSTEMS failed to pay all earned straight time and overtime  
10 wages to Plaintiff and members of the class at the time of termination of employment for all their  
11 on-call time, in violation of Labor Code §§ 201, 202, 510 and 1194.

12 16. Plaintiff and members of the class are non-exempt employees under the laws of  
13 the State of California.

14 17. The practices of defendant PEROT SYSTEMS in failing to pay Plaintiff and  
15 members of the class earned compensation, including premium overtime wages, for all of their  
16 on-call time, to pay all earned wages for all of their on-call time at the time of termination of  
17 employment, and to provide itemized wage statements that disclose all lawfully required  
18 information as to their on-call time and resulting straight time and overtime wages owed, are  
19 substantially similar, if not identical.

20 **FIRST CAUSE OF ACTION**  
21 **UNLAWFUL FAILURE TO PAY OVERTIME COMPENSATION**  
22 **(California Labor Code §§ 510, 1194; Wage Order 4-2001)**

23 18. Plaintiff incorporates the allegations contained in the foregoing paragraphs as  
24 though fully set forth herein.

25 19. Plaintiff and class members have been employed by PEROT SYSTEMS within  
26 the time period covered by this Complaint.

27 20. California Labor Code § 510 and the IWC Wage Orders, including without  
28 limitation Wage Order 4-2001, provide in substance and effect that an employer shall pay a

1 premium "overtime" rate for all "hours worked" by employees in excess of eight hours in a work day  
2 or forty hours in a work week and "doubletime" for all "hours worked" by employees in excess of  
3 twelve hours per work day, or all hours worked beyond 8 hours on the seventh consecutive day of  
4 work in a workweek. "Hours worked" is defined in the wage order as "the time during which an  
5 employee is subject to the control of an employer, and includes all the time the employee is suffered  
6 or permitted to work, whether or not required to do so."

7 21. During all relevant times, defendant PEROT SYSTEMS required, encouraged,  
8 suffered and/or permitted Plaintiff and the members of the class to be on-call for certain weeks  
9 in which they were subject to PEROT SYSTEMS' control, with a 15-minute required response time,  
10 a restriction to locations where they had access to a high-speed internet connection, geographic  
11 limitations on their movements, and a required in-person response to problems of certain severity.  
12 They received regular and frequent calls to which they immediately had to assess and solve the  
13 technical problem. They were also required to notify their manager any time they went out of cell  
14 range.

15 22. Plaintiff and members of the class who worked certain weeks of on-call time at any  
16 time during the class period are entitled to straight time pay for their on-call time worked, and  
17 overtime pay for those hours worked beyond any full-time 8 hour/day and 40 hour/week schedule (or  
18 beyond any hours of a lawfully adopted Alternative Workweek Schedule), pursuant to Labor Code §  
19 510 and IWC Wage Orders, including without limitation Wage Order 4-2001.

20 23. Defendant PEROT SYSTEMS has failed to pay earned overtime compensation,  
21 either when due or not at all, for the on-call time worked by Plaintiff and members of the class other  
22 than time responding to a call and then assessing and solving the technical problem.

23 24. IWC Wage Orders, including without limitation Wage Order 4-2001, further provide  
24 in substance and effect that an employer shall pay one and one-half times the employee's regular rate  
25 of pay for all work performed in the work day beyond eight per day or 40 hours per week, and  
26 double the employee's regular rate of pay for all hours worked in excess of 12 hours per day and any  
27 work in excess of eight hours on the seventh day worked in a workweek.

28 25. As a proximate result of the conduct of defendant PEROT SYSTEMS, Plaintiff and

1 members of the class have suffered damages, including for straight time and overtime worked and  
2 not paid for on-call time, in an amount to be proven at trial.

3 26. Plaintiff and members of the class request interest on all compensation earned and  
4 unpaid for on-call time, pursuant to Labor Code § 218.6.

5 27. Plaintiff requests an award of attorneys' fees, costs, and expenses, pursuant to  
6 applicable California law, including Labor Code §§ 1194.

7 WHEREFORE, Plaintiff prays for relief as set forth below.

8 **SECOND CAUSE OF ACTION**

9 **(Failure to Pay Wages: Cal. Lab. Code §§ 204, 218; Wage Order 4-2001)**

10 28. Plaintiff incorporates the allegations contained in the foregoing paragraphs as  
11 though fully set forth herein.

12 29. At all relevant times, PEROT SYSTEMS has failed to pay wages for time spent  
13 on call as required by California law.

14 30. Defendants have suffered and/or permitted Plaintiff and class members to be on  
15 call and perform work for the benefit of PEROT SYSTEMS without being paid wages, and/or  
16 Plaintiff and class members have been under the control of PEROT SYSTEMS while on call and  
17 performing work without being paid wages. The work performed "on-call" was the same kind of  
18 work they did in the scope of their regular daily work hours.

19 31. Labor Code § 218 states that "[n]othing in this article shall limit the right of any  
20 wage claimant to sue directly or through an assignee for any wages or penalty due him under this  
21 article."

22 32. Labor Code § 204 states that "All wages . . . earned by any person in any  
23 employment are due and payable twice during each calendar month . . ."

24 33. IWC Wage Order 4-2001 requires compensation for all "hours worked," which is  
25 defined in the Wage Order as "the time during which an employee is under the control of an  
26 employer, and includes all the time the employee is suffered or permitted to work . . ."

27 34. As a result, Plaintiff and class members are entitled to regular wages pursuant to  
28 California law including, but not limited to, Cal. Lab. Code §§ 204 and 218 and IWC Wage

1 Order 4-2001.

2 35. Defendants' failure to pay Plaintiff and class members for each on-call hour  
3 worked was willful, and there remain due and unpaid wages in amounts to be determined.

4 36. Plaintiff, on her own behalf and on behalf of others similarly situated, seeks as  
5 damages in an amount to be determined, fees and costs pursuant to California law including, but  
6 not limited to, Cal. Lab. Code §§ 201-204, and 218, plus costs, disbursements, attorneys' fees,  
7 and interest pursuant to California law including, but not limited to, Cal. Lab. Code § 218.6.

8 WHEREFORE, Plaintiff prays for relief as set forth below.

9 **THIRD CAUSE OF ACTION**  
10 **RECOVERY OF WAITING TIME PENALTIES**  
11 **(California Labor Code §§ 203)**

12 37. Plaintiff incorporates the allegations contained in the foregoing paragraphs as  
13 though fully set forth herein.

14 38. California Labor Code § 203 provides that if an employer willfully fails to pay,  
15 without abatement or reduction, in accordance with California Labor Code §§ 201, 201.5, 202 and  
16 205.5, any wages of an employee who is discharged or who resigns, the wages of the employee shall  
17 continue as a penalty from the due date thereof at the same rate until paid up to a maximum of thirty  
18 (30) days.

19 39. During all relevant times, defendant PEROT SYSTEMS had and continues to have a  
20 consistent and uniform policy, practice and procedure of willfully failing to pay the earned and  
21 unpaid wages of its employees at the termination of their employment earned for all of their on-call  
22 time, in violation of California Labor Code §§ 201 and 202.

23 40. Plaintiff and certain members of the class are no longer employed by defendant  
24 PEROT SYSTEMS, in that they were either discharged from or quit PEROT SYSTEMS'  
25 employ.

26 41. During all relevant times, defendant PEROT SYSTEMS willfully failed to pay  
27 Plaintiff and said members of the class who are no longer employed by PEROT SYSTEMS a sum  
28 certain for earned wages earned for all their on-call time, at the time of their termination or within

1 seventy-two (72) hours of their resignation, and failed to pay those sums for thirty (30) days  
2 thereafter.

3 42. During all relevant times, defendant PEROT SYSTEMS willfully failed to pay  
4 Plaintiff and said members of the class who are no longer employed by PEROT SYSTEMS, in that  
5 PEROT SYSTEMS knew wages were due for all on-call time, but nevertheless failed to pay them.

6 43. Plaintiff and members of the class who are no longer employed by defendant PEROT  
7 SYSTEMS are entitled to penalties pursuant to California Labor Code § 203, in the amount of  
8 each person's daily wage multiplied by thirty (30) days.

9 WHEREFORE, Plaintiff prays for relief as set forth below.

10 **FOURTH CAUSE OF ACTION**  
11 **FAILURE TO PROVIDE ITEMIZED WAGE STATEMENTS**  
12 **(California Labor C. § 226)**

13 44. Plaintiff incorporates the allegations contained in the foregoing paragraphs as  
14 though fully set forth herein.

15 45. Plaintiff and class members were employed by PEROT SYSTEMS within the  
16 time period covered by this Complaint.

17 46. IWC Wage Orders, including without limitation Wage Order 4-2001, provide that  
18 the employer shall keep accurate information with respect to each employee, including total  
19 hours worked and applicable rates of pay.

20 47. Labor Code § 226 provides that the employer shall provide at the time of each  
21 payment of wages an accurate itemized statement that discloses (1) gross wages earned, (2) total  
22 hours worked by the employee, (3) the number of piece rate units earned and any applicable  
23 piece rate if the employee is paid on a piece-rate basis, (4) all deductions, (5) net wages earned,  
24 (6) the inclusive dates of the period for which the employee is paid, (7) the name of the  
25 employee and compliant identifying information, (8) the name and address of the legal entity that  
26 is the employer, and (9) all applicable hourly rates in effect during the pay period and the  
27 corresponding number of hours worked at each hourly rate by the employee.

28 48. Labor Code § 226 further provides that an employee may bring an action for  
injunctive relief to ensure compliance with that code section.

1 competition proscribed by California Business and Professions Code § 17200, et seq., including  
2 the practices alleged herein.

3 56. Plaintiff is informed and believes and on that basis alleges, as more fully set out  
4 above, that PEROT SYSTEMS has engaged in the following unfair and/or unlawful acts and  
5 practices:

6 a) PEROT SYSTEMS regularly and systematically has required,  
7 encouraged, suffered and/or permitted Plaintiff and members of the class to regularly  
8 work on-call time, including on-call time beyond their regular full-time (8/day and  
9 40/week) schedule (or beyond the hours of a lawfully adopted Alternative Workweek  
10 Schedule), with a 15-minute required response time, a restriction to locations with  
11 access to a high speed internet connection, a requirement to notify a manager whenever  
12 out of cell phone range, a requirement to be able to report to a job site within one hour  
13 for calls of certain severity, and numerous calls that they must respond to, all without  
14 payment of required wages for the on-call time other than the time spent responding to  
15 calls and then assessing and resolving technical problems, in violation of California  
16 Labor Code §§ 510 and 1194 and applicable Wage Orders, including without limitation  
17 Wage Order 4-2001; and

18 b) Defendant PEROT SYSTEMS also regularly and systematically issued  
19 wage statements to Plaintiff and members of the class that fail to disclose or  
20 misrepresent the true hours spent on on-call time and resulting wages earned by Plaintiff  
21 and members of the class for the on-call time, information required by the California  
22 Labor Code § 226.

23 c) Defendants have regularly and systematically failed to pay members of  
24 the class that have left their employment, either voluntarily or involuntarily, all the  
25 wages due them as required by Labor Code §§ 201-202.

26 57. The business acts and practices of PEROT SYSTEMS as hereinabove alleged  
27 constitute unfair and/or unlawful business practices in that, for the reasons set forth above, said  
28 acts and practices violate explicit provisions of the California Labor Code and/or Wage Orders,

1 including without limitation Wage Order 4-2001. PEROT SYSTEMS has obtained a significant  
2 competitive advantage, and engaged in unfair competition, through its acts and practices of  
3 obtaining employee labor without paying legally required overtime compensation for primary  
4 on-call time; and without reporting to governmental authorities the true overtime wages earned  
5 for on-call time and paying to such authorities all taxes and levies on the true wages earned.

6 58. Plaintiff and members of the class are entitled to restitution in the amounts of all  
7 earned wages unpaid by defendant PEROT SYSTEMS.

8 59. The unfair and unlawful business acts and practices of defendant PEROT  
9 SYSTEMS described herein present a continuing threat to members of the general public in that  
10 PEROT SYSTEMS is currently engaging in such acts and practices, and will persist and  
11 continue to do so unless and until an injunction is issued by this Court. On behalf of all others  
12 similarly situated, Plaintiff requests that this Court issue an injunction restraining the foregoing  
13 conduct by PEROT SYSTEMS.

14 60. Plaintiff requests that the Court grant further injunctive relief, commanding  
15 defendant PEROT SYSTEMS to issue to Plaintiff and each member of the class itemized wage  
16 statements that reflect all on-call time worked and resulting wages owed as required by Labor  
17 Code § 226 and which PEROT SYSTEMS failed to provide in any wage statement issued to  
18 Plaintiff or the respective class member during the four years preceding the filing of this  
19 complaint.

20 61. On behalf of all others similarly situated, Plaintiff further requests that the Court  
21 issue an interim order requiring PEROT SYSTEMS to advise all members of the class of their  
22 rights as to entitlement to overtime pay for on-call time pursuant to the California Labor Code  
23 and Wage Orders.

24 62. On behalf of all others similarly situated, Plaintiff further requests a declaration as  
25 to the respective rights, remedies, and obligations of the parties, and establishment of a post-  
26 judgment reference proceeding to identify, locate and fully reimburse all affected employees all  
27 monies due to them.

28 63. On behalf of all others similarly situated, Plaintiff further requests that the Court

1 enforce the penalty provision of Labor Code § 203, pursuant to Business and Professions Code §  
 2 17202, which provides: "Notwithstanding Section 3369 of the Civil Code, specific or preventive  
 3 relief may be granted to enforce a penalty, forfeiture, or penal law in a case of unfair competition."

4 64. Plaintiff requests an award of attorneys fees, costs and expenses pursuant to Code  
 5 of Civil Procedure § 1021.5 and as otherwise permitted by statute.

6 WHEREFORE, Plaintiff prays for relief as set forth below.

7  
 8 **SIXTH CAUSE OF ACTION**  
 9 **DECLARATORY RELIEF**

10 65. Plaintiff incorporates the allegations contained in the foregoing paragraphs as  
 11 though fully set forth herein.

12 66. Plaintiff and class members were employed by PEROT SYSTEMS within the  
 13 time period covered by this Complaint.

14 67. An actual controversy has arisen between Plaintiff and members of the class, on the  
 15 one hand, and defendant PEROT SYSTEMS, on the other hand, as to their respective rights,  
 16 remedies and obligations. Specifically, Plaintiff alleges that the acts and practices of PEROT  
 17 SYSTEMS as hereinabove alleged:

18 a) violate the California Labor Code and Wage Orders, including Labor  
 19 Code §§ 510 and 1194 and Wage Order 4-2001, in that PEROT SYSTEMS has failed  
 20 to pay overtime and straight time compensation for all on-call time of Plaintiff and  
 21 members of the class, either when due or not at all;

22 b) violate Labor Code § 226, in that PEROT SYSTEMS has failed to  
 23 maintain records that show, and provided wage statements to plaintiff and members of  
 24 the class that fail to disclose or misrepresent the true hours spent on on-call time and  
 25 resulting wages earned by Plaintiff and members of the class for the on-call time; and

26 c) violate Labor Code §§ 201-203, in that Defendants have failed to class  
 27 members all wages due upon their termination of employment.

28 68. Plaintiff further alleges that members of the class are entitled to recover earned

1 wages and penalties as hereinabove alleged.

2 69. Defendant PEROT SYSTEMS contends to the contrary.

3 70. Accordingly, Plaintiff seeks a declaration as to the respective rights, remedies, and  
4 obligations of the parties.

5 WHEREFORE, Plaintiff prays for relief as set forth below.

6 **PRAYER FOR RELIEF**

7 WHEREFORE, Plaintiff, on behalf of herself and members of the class, respectfully prays for  
8 relief as follows:

9 1. For an order certifying this case as a class action, and appointing Plaintiff as the  
10 representative of the class;

11 2. For an order finding and declaring that PEROT SYSTEMS' acts and practices as  
12 challenged herein are unlawful and unfair;

13 3. For an order finding and declaring that PEROT SYSTEMS' acts and practices in  
14 failing to pay earned wages when due were willful, and penalties shall be awarded against  
15 PEROT SYSTEMS pursuant to Labor Code § 203;

16 4. For an order preliminarily and permanently enjoining PEROT SYSTEMS from  
17 engaging in the practices challenged herein;

18 5. For an order commanding defendant PEROT SYSTEMS to issue to Plaintiff and  
19 each member of the class itemized wage statements that state all of the true hours spent on-call  
20 and resulting wages earned by Plaintiff and members of the class for the on-call time,  
21 information required by Labor Code § 226 and which PEROT SYSTEMS failed to provide in  
22 any wage statement issued to Plaintiff or the respective class member during the four years  
23 preceding the filing of this complaint;

24 6. For an order requiring PEROT SYSTEMS to advise all members of the class of  
25 their rights as to entitlement to pay, including overtime pay, for on-call time pursuant to the  
26 California Labor Code, Wage Orders, and Business & Professions Code;

27 7. For restitution of all earned wages earned and unpaid;

28 8. For compensatory damages in amounts to be determined at trial;

(1) General information about the potential advantages and disadvantages of ADR and descriptions of the principal ADR processes . . .

(2) Information about the ADR programs available in that court . . .

(3) In counties that are participating in the Dispute Resolution Programs Act (DRPA), information about the availability of local dispute resolution programs funded under the DRPA . . .

(c) The plaintiff must serve a copy of the ADR information package on each defendant along with the complaint. Cross-complainants must serve a copy of the ADR information package on any new parties to the action along with the cross-complaint.

## GENERAL INFORMATION ABOUT ADR

### Introduction to Alternative Dispute Resolution

Did you know that most civil lawsuits settle without a trial? And did you know that there are a number of ways to resolve civil disputes without having to sue somebody? These alternatives to a lawsuit are known as alternative dispute resolution (also called ADR). The most common forms of ADR are mediation, arbitration, and neutral evaluation. There are a number of other kinds of ADR as well.

In ADR, trained, impartial persons decide disputes or help parties decide disputes themselves. These persons are called neutrals. In mediation, for example, the neutral is the mediator. Neutrals normally are chosen by the disputing parties or by the court. Neutrals can help parties resolve disputes without having to go to court.

ADR is not new. ADR is available in many communities through court-connected and community dispute resolution programs and private neutrals.

### Advantages of Alternative Dispute Resolution

ADR can have a number of advantages over a lawsuit:

- ADR can be speedier. A dispute often can be resolved in a matter of months, even weeks, through ADR, while a lawsuit can take years.
- ADR can save money. Court costs, attorney fees, and expert witness fees can be saved.
- ADR can permit more participation. With ADR, the parties may have more chances to tell their side of the story than in court and may have more control over the outcome.
- ADR can be flexible. The parties can choose the ADR process that is best for them.
- ADR can be cooperative. In mediation, for example, the parties having a dispute may work together with the neutral to resolve the dispute and agree to a remedy that makes sense to them; rather than work against each other.
- ADR can reduce stress. There are fewer, if any, court appearances. And because ADR can be speedier, cheaper, and can create an atmosphere in which the parties are normally cooperative, ADR is easier on the nerves. The parties don't have a lawsuit hanging over their heads. For all the above reasons, many people have reported a high degree of satisfaction with ADR.

Because of these advantages, many parties choose ADR to resolve a dispute instead of filing a lawsuit. Even when a lawsuit has been filed, ADR can be used before the parties' positions harden and the lawsuit becomes costly. ADR has been used to resolve disputes even after a trial, when the result is appealed.

### Disadvantages of Alternative Dispute Resolution

ADR may not be suitable for every dispute.

If ADR is binding, the parties normally give up most court protections, including a decision by a judge or jury under formal rules of evidence and procedure and review for legal error by an appellate court.

There generally is less opportunity to find out about the other side's case with ADR than with litigation. ADR may not be effective if it takes place before the parties have sufficient information to resolve the dispute.

The neutral may charge a fee for his or her services.

If a dispute is not resolved through ADR, the parties may have to put time and money into both ADR and a lawsuit.

Lawsuits must be brought within specified periods of time, known as statutes of limitations. Parties must be careful not to let a statute of limitations run out while a dispute is in an ADR process.

### Three Common Types of Alternative Dispute Resolution

This section describes the forms of ADR most often found in the California state courts and discusses when each may be right for a dispute.

#### Mediation

In mediation, a neutral (the mediator) assists the parties in reaching a mutually acceptable resolution of their dispute. Unlike lawsuits or some other types of ADR, the mediator does not decide how the dispute is to be resolved; the parties do.

Mediation is a cooperative process in which the parties work together toward a resolution that tries to meet everyone's interests, instead of working against each other where at least one party loses. Mediation normally leads to better relations between the parties and to resolutions that hold up. For example, mediation has been very successful in family disputes, particularly with child custody and visitation.

Mediation is particularly effective when the parties have a continuing relationship, like neighbors or business people. Mediation also is very effective where personal feelings are getting in the way of a resolution. This is because mediation normally gives the parties a chance to let out their feelings and find out how they each see things.

Mediation may not be a good idea when one party is unwilling to discuss a resolution or when one party has been a victim of the other or has unequal bargaining power in the mediation. However, mediation can be successful for victims seeking restitution from offenders. A mediator can meet with the parties separately when there has been violence between them.

#### Arbitration

In arbitration, a neutral (the arbitrator) reviews evidence, hears arguments, and makes a decision (award) to resolve the dispute. Arbitration normally is more informal and much speedier and less expensive than a lawsuit. Often a case that may take a week to try in court can be heard by an arbitrator in a matter of hours, because evidence can be submitted by documents (like medical reports and bills and business records) rather than by testimony.

There are two kinds of arbitration in California: (1) Private arbitration, by agreement of the parties involved in the dispute, takes place outside of the courts and is normally binding. In most cases "binding" means that the arbitrator's decision (award) is final and there will not be a trial or an appeal of that decision. (2) "Judicial arbitration" takes place within the court process and is not binding unless the parties agree at the outset to be bound. A party to this kind of arbitration who does not like a judicial arbitration award may file a request for trial with the court within a specified time. However, if that party does not do better in the trial than in arbitration, he or she may have to pay a penalty.

Arbitration is best for cases where the parties want a decision without the expense of a trial. Arbitration may be better than mediation when the parties have no relationship except for the dispute.

Arbitration may not be a good idea when the parties want to decide on the outcome of their dispute themselves.

#### Neutral Evaluation

In evaluation, a neutral (the evaluator) gives an opinion on the strengths and weaknesses of each party's evidence and arguments and makes an evaluation of the case. Each party gets a chance to present his or her side and hear the other side. This may lead to a settlement or at least help the parties prepare to resolve the dispute later on. If the neutral evaluation does not resolve the dispute, the parties may go to court or try another form of ADR.

Neutral evaluation, like mediation, can come early in the dispute and save time and money.

Neutral evaluation is most effective when a party has an unrealistic view of the dispute, when the only real issue is what the case is worth, or when there are technical or scientific questions to be worked out.

Neutral evaluation may not be a good idea when it is too soon to tell what the case is worth or if the dispute is about something besides money, like a neighbor playing loud music late at night.

## Other Types of Alternative Dispute Resolution

There are several other types of ADR besides mediation, arbitration, and neutral evaluation. Some of these are conciliation, settlement conferences, fact-finding, mini-trials, and summary jury trials. Sometimes parties will try a combination of ADR methods. The important thing is to try to find the type or types of ADR that are most likely to resolve your dispute.

The selection of a neutral is an important decision. There is no legal requirement that the neutral be licensed or hold any particular certificate. However, some programs have established qualification requirements for neutrals. You may wish to inquire about the qualifications of any neutral you are considering.

Agreements reached through ADR normally are put in writing by the neutral and, if the parties wish, may become binding contracts that can be enforced by a judge.

You may wish to seek the advice of an attorney about your legal rights and other matters relating to the dispute.
